

# Five days Students Training Program in Genetics & Developmental Biology

## Hands-on experiments in Genetics & Developmental Biology for school students

13<sup>th</sup> -17<sup>th</sup> January, 2014

### About the program

This program has been developed to promote the study of basic and applied biology for the students and encourage them to choose biology as a career of choice for advanced studies. The program will include hands on training in Genetics & Developmental Biology experiments such as dissection of insect reproductive parts, identification of sexes, mutants, crossing over, karyotypes identification etc. and lectures on popular topics of interest.

### APPLICATION PROCEDURE

Students from schools are requested to send their application forwarded by the principal/Head of the Department, giving a brief CV and a small write up as to how this training program would be beneficial to them. Only 20 participants will be selected on first come first serve basis and they will be provided local hospitality. No TA/DA will be given.

Interested candidate/s may send their application to:

**Dr. Anand K. Tiwari**

Assistant Professor

Genetics & Developmental Biology Laboratory

School of Biological Sciences and Biotechnology

Indian Institute of Advanced Research, University of IAR

Koba, Gandhinagar, 382 007, Gujarat, India

Ph: +91-79-30514250 (Lab); 7600304647 (Mobile); Email: [aktiiaar@gmail.com](mailto:aktiiaar@gmail.com)

Web: [www.iiaar.res.in](http://www.iiaar.res.in), [www.iar.ac.in](http://www.iar.ac.in)

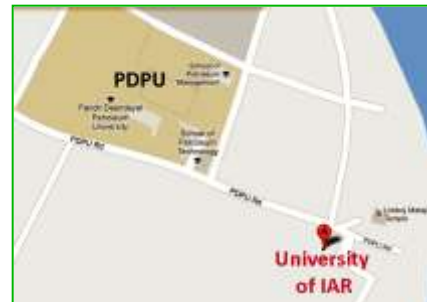

**Last Date:**

**For receiving the application:**

5<sup>th</sup> January, 2014

**Intimation about the selection:**

7<sup>th</sup> January, 2014

**Directions:** Turn on to the PDPU road on the knowledge corridor at Bhaijipura on the Ahmedabad-Gandhinagar highway. The institution is on the right after passing PDPU on the left. Note that the institution is also known as Puri Foundation, Indian Institute of Advanced Research (IIAR) and the University of IAR.
